The Sigenergy Gateway Three Phase is a cutting-edge energy management solution designed for seamless integration with solar and energy storage systems like the SigenStor Battery.

In addition to the Offgrid Cabinet, we can also supply batteries, battery cables, ...

Built in Australia to withstand demanding environmental conditions, the ESSential cabinet integrates Noark Trinix three-phase hybrid inverter technology, lithium battery storage, AC and DC protection, ...

Designed to maximize the potential of solar energy, it seamlessly integrates with solar PV systems and provides reliable energy storage, ensuring your power supply even during grid ...

The SolarEdge 3-Phase Home Battery, is modular and stackable - adaptable to scale with your energy needs, helping to lower your bills while delivering seamless backup power during power outages. Up ...

Balancing these power sources and storing excess energy in the internal batteries, SkyBox creates a reliable off-grid electricity supply. Since any electrician can install it, you can save thousands ...

Power high-demand loads with 80kWh in solar battery storage included - expandable to 120kWh. Suits large 3-phase homes and workshops. Includes wall-mounted Power Board and flexible battery ...

The SkyBox Plus Hybrid Series 12kW is an advanced Energy Storage System ...

The SkyBox Plus Hybrid Series 12kW is an advanced Energy Storage System suitable for On & Off Grid applications. It features a Deye SUN-12K-SG04LP3-AU Three Phase Hybrid Inverter & comes with a ...

In addition to the Offgrid Cabinet, we can also supply batteries, battery cables, solar panels, solar panel mounting kit, solar panel wiring kit & generator. With these additions you will have everything ...

Australian Power Storage Cabinet Three-Phase

The system is an all-in-one design that can be paired with up to three 8.9kWh batteries for an expandable storage capacity of 26.7kWh.

Power up remote mine, construction, and industrial sites with our 50KW/75kWh, 3-phase mobile battery storage units (ESU50). Reduce generator run time, fuel consumption & noise pollution.
