From high mast light system to solar light poles, our comprehensive solar lighting solutions cover a wide range of products designed to meet diverse needs. Implement our latest technologies and patented designs in your ...

Smart appliances, such as refrigerators, washing machines, and dishwashers, can be programmed to operate during periods of high solar energy production, reducing reliance on grid electricity ...

Each light emits up to 300 lumens of light when connected to one solar panel, 9x brighter than traditional solar lights. To power many spotlights at once, add additional solar panels. Built-in linking slots in each solar ...

Discover the best solar indoor lighting system and transform your space with sustainable brilliance and energy efficiency. Illuminate your home beautifully.

Smart inverters and solar panels provide significant benefits for smart homes. Solar panels generate clean, renewable energy, and smart inverters optimize their use. Together, they help lower electricity bills, decrease ...

In this blog, we will explore the innovative solutions and benefits of Building-integrated photovoltaics (BIPV) for residential homes.

The integrated inverter and battery machine represents a significant leap forward in solar and storage technology. It delivers a powerful, user-friendly, and aesthetically pleasing solution that empowers ...

In 2025, innovative gadgets are harnessing the sun's energy to make our lives more convenient, sustainable, and cost-efficient. From smart lights and chargers to security devices and appliances, solar ...

As one of the latest in lighting equipment, integrated solar light has the advantages of energy savings, environmental protection, easy operation and excellent system integration. 1.The product adopts human ...

Household high-brightness solar integrated machine

On the basis of the original cabinet design, the stacked solar energy storage lithium battery has a capacity of 960Wh~7168Wh and is equipped with a built-in battery protection system. Fully utilize load power in ...
