What is the power rating of the Antwerp battery project?

The Antwerp battery project has a power rating of 25 MW and capacity of 75 MWh. The installation will be operational by the end of 2024. The project uses 40 Intensium Max High Energy lithium-ion containers supplied by Saft. TotalEnergies has a portfolio of 450,000 BtC and 100,000 BtB electricity sites in Belgium.

Does totalenergies have a power plant in Belgium?

TotalEnergies has a portfolio of 450,000 BtC and 100,000 BtB electricity sites in Belgium. TotalEnergies has initiated a battery energy storage project at its Antwerp refinery in Belgium. The installation boasts a power rating of 25 MW and a capacity of 75 MWh, sufficient to meet the daily consumption of nearly 10,000 households.

Where is totalenergies launching its largest battery energy storage project?

Integrated Power & Renewables: TotalEnergies Launches in Belgium Its Largest Battery Energy Storage Project in Europe Paris, May 15, 2023 - TotalEnergies has launched at its Antwerp refinery (Belgium), a battery farm project for energy storage w

Is Belgium a good place to invest in battery storage?

Belgium is one of the most active and mature grid-scale energy storage markets in Europe, with diversified opportunities for monetising battery storage via flexibility markets and a supportive regulatory regime.

BSTOR and Energy Solutions Group have started building BESS projects totalling 440MWh of capacity in Belgium, using Tesla Megapacks.

In Belgium, two battery-based energy storage projects. In May 2023, we launched our largest European battery-based energy storage project at the Antwerp platform in Belgium. With its 40 containers, the ...

Large mobile energy storage vehicle in Antwerp Belgium Oil and gas firm TotalEnergies has enlisted subsidiary Saft to deploy a 25MW/75MWh battery energy storage system (BESS) at a refinery in ...

Introduction Stefan Louis is an energy storage consultancy based in Antwerp, Belgium, with decades of hands-on experience in battery technology and energy management. Growing up in ...

Large mobile energy storage vehicle in antwerp belgium

The 25 MW, 75 MWh battery project at Antwerp refinery will stabilize the grid, support renewable energy integration, and enhance TotalEnergies' presence in Belgium's electricity value chain.

Integrated Power & Renewables: TotalEnergies Launches in Belgium Its Largest Battery Energy Storage Project in Europe Paris, May 15, 2023 - TotalEnergies has launched at its Antwerp ...

As of November 22 2025, both phases of the largest battery storage system in Europe have been completed and with the second phase awaiting commissioning.. The company is also building other ...
