TSF deployed in Mali on 1st February 2013 to set up satellite connections in Timbuktu after the liberation of the city by the French and Malian armies.

OverviewRadio and televisionHistoryTelephone serviceInternetSee alsoRadio broadcast stations: Government funded: AM 1, shortwave 1. Mali has since 1994 allowed for private (as in non-state) radios to begin operating. Foreign funding, and some commercial funding (mostly in the capital) have helped to establish 160 FM stations in Mali, though many of those are small community "suitcase radio stations". Private radio are required to be members of URTEL, the radio union.
